

Please choose ONE option from Blocks A, B, C, or D

If you did not achieve a grade 4 or above in English and Mathematics, you must select it in BLOCK C and/or D. Students MUST choose a minimum of TWO subject-based choices plus extended project and work experience from each OPTION BLOCK. Most students will get to choose THREE subjects-based choices, although we would consider FOUR for students with a strong academic profile.

Studio West has a unique Post 16 academic and vocational offer. We strongly believe we will be able to deliver a range of courses to meet all students' needs. By offering subjects across the West of Newcastle, and working collaboratively with other educational providers and employers, we will be able to provide a tailored curriculum for every young person.

We aim to offer ALL our students:

- Broad and balanced curriculum offer
- Qualifications that will allow you to transition to EMPLOYMENT, HIGHER EDUCATION, FURTHER TRAINING or Apprenticeships
- A bespoke experience around career-related learning through projects and work placements: LEARNING THAT CONNECTS!
- Develop new skills and greater confidence and self-awareness of your place and worth within society

Please note that we do not anticipate any curriculum changes, however, we withhold the right to make changes in light of student feedback and Government Policy. Students will be notified ASAP of any potential changes to our curriculum offer.

BLOCK A	BLOCK B	BLOCK C	BLOCK D
Art & Design	Biology	English Literature	Criminology
Computer Science	Business Studies	Applied Science	Extended Project
Construction	Extended Project	Extended Project	GCSE Maths
